EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a fax on September 11, 2008 in response to a telephone interview with Mr. Paul Teng on September 9, 2008.

The application has been amended as follows:

In claim 1, line 2-3, please replace the phrase "to a lead frame with a uniform distribution of the plating solution" with the word -- thereof --.

In claim 1, line 5, after the phrase "the apparatus comprising:" please insert the phrase -- a lead frame in contact with the plating solution injected through the nozzles; -
- .

In claim 1, line 10, please replace the phrase "having flowed in the through" with the phrase -- having flowed through --.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The instant invention is distinguished over the prior art of record by providing a lead frame plating apparatus comprising side inlets provided in the diagonal direction at

Art Unit: 1795

opposite sides of the apparatus and a plating solution outlet having a cross-sectional area smaller than that of a flow mixing room.

JP 08-277486 teaches a lead frame plating apparatus comprising a heater for heating the plating liquid and a plurality of injection nozzles for injecting the plating liquid to the lead frame at a high temperature. However, JP 08-277486 does not teach side inlets provided in a diagonal direction or a plating solution outlet having a cross-sectional area smaller than that of a flow mixing room. Therefore, the prior art of record neither teaches nor suggests the combination of limitations recited in the instant claims.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan V. Van whose telephone number is 571-272-8521. The examiner can normally be reached on M-F 9:30-6:00.
